

String Central

Our sole aim at String Central is to set a new benchmark in the standard of the String Quartet as we know it. Each player has been individually auditioned and rehearsed to ensure the highest quality presentation and performance.

With a designer dress code specifically styled for the group, not only do the players look exquisite, but they play beautifully.

We have ed an extensive repertoire covering The Classics, Jazz, Music Theatre, and Contemporary Evergreens.

String Central will certainly add that touch of class to make your special event even more special. We invite you to sit back and enjoy.

After working in international corporate entertainment for a number of years, Dr Dimitri Kopanakis, Managing Director of String Central Pty Ltd, found that there was a definite need for high-quality, sophisticated, professional string quartet entertainment; to set a new benchmark, and establish new standards across the board, in this niche area of the entertainment industry.

With this in mind, String Central was formed to create a premium product that both private and corporate clients could come to rely on.
